# KARL NELSON CALUPAZ

---

---

## SUMMARY

As a student in computer science with no prior experience, I have a passion for learning and apply what I have learned to create unique, streamlined web applications. I am able to effectively manage my time to meet deadlines. Seeking challenging work opportunities that allow me to continue learning and developing as a computer science student alongside a team of some of the best professionals in the field. I am confident in my ability to contribute to a team and succeed in a front-end development career because of my strong problem-solving skills and communication abilities. In addition, I have experience with HTML, CSS, and I am familiar with the popular front-end framework Bootstrap.

---
